Marty,

I agree about the phase one grant.

I don't know what the rest of the board is thinking, but I do think this should be discussed by the whole board at our next meeting. If Dawn is needing an answer ASAP, maybe we could just let her know what we are pondering and that we will have better direction after our next meeting.

Thanks,

Tony

If this is the route we, as a board, are taking, then shouldn't we also include the phase 1 grant?

Tracy,

Thank you for following up on this. I think the letter is appropriate as written. You probably had the conversation with Dawn already about the high cost of the basement remodel for the small amount of square footage. If not, you may want to put that in the letter and phrase it in a way that shows we are trying to be good stewards of the state and counties tax dollars. I assume you are thinking the same thing I am; which is that if we are going to spend over a million dollars it would be better spent on a new facility that is above ground and gives us more square footage than the basement remodel. I think this is exactly what we need to talk about in the work session after next meeting. I would think that we could have a definite direction of where we want to head by July, 2015.

I would also like to hear what the rest of the commissioners think.

Thanks,

Tony

I spoke with Dawn this morning and she instructed that as soon as possible we should send her an e-mail explaining that our basement remodel project is "under review," that we are considering/anticipating a repurposing/ reallocation of these grand funds and a suggested time frame that would give her agency an idea of what we want to do.

I suggest sending the following:

Dawn Karban, Grants & Loans Officer

Office of State Lands & Investments

Herschler Building, 3rd West

122 West 25th Street,

Cheyenne, WY 82002

Dear Dawn,

Thank you for taking the time to visit with our representative today regarding grant CWC-13104.

This e-mail is intended to provide you information necessary to update you on the status of the project for which the grant funds are intended.

Our project to remodel the basement of the jail is under review. We are re/examining the project in light of other recent developments.

We are considering a reallocation of those funds and believe we should be able to let you know the direction we want to proceed by July, 2015.

We very much appreciate your understanding on this matter and if you have any other informational requirements or questions please let us know.

Sincerely,

Bill Lambert, Chairman

Weston County Commission

Good morning.

Received this yesterday. I will be contacting Dawn once I hear back from you on how to handle this or if you want Bryan or Bill to do it. Just let me know.

Have a great day!

Cheryl

Good Morning,

Our office has completed a review of the grant for Weston County, Law Enforcement Center - Phase 2, \$161,150.00. It appears this grant was awarded August 9, 2012, but there has been no reimbursement activity to date.

Please provide a project status update, and the date you intend to start drawing the grant funds, to our office **no later than March 15, 2015.**

Thank you,

Dawn
