Subject: P-Dog Amendment letter to governor and discussion request

Good morning, Commissioners.

I want to pass along an update regarding a letter to the Governor providing the consensus recommendation by the four counties on a the path forward for the Thunder Basin National Grassland PD Amendment. I have attached a draft of that letter for your reference and review.

Last week I shared the draft with the Governor's staff to garner any feedback they may have—to "prime the pump" so to speak. They circled back yesterday afternoon and requested the opportunity to connect with you prior to your taking official action on a letter. I think it is a request that is worthy of your consideration and, injecting my two cents worth, is something you ought to do.

While you can expect to hear from the Governor's team in the coming days to set up a time to discuss these and any other concerns you may have regarding the PD Amendment, please continue to engage as you have been—with patience and substance.

Don't hesitate to reach out to me with any questions or concerns you may have.

Gregory

Gregory M. Cowan
