Subject: RE: ***SPAM*** grant

Bill,

I'm going to let you folks deal with this one. Doug and I have requested extensions on this for four years now and I'm not sure how credible they will think I am at this point. This grant is for the emergency operation center that was mandated years ago. Phase one included the backup generator here at the LEC and the architect "Stuff". Phase two would be the construction of the EOC in the basement.

Thanks

Bryan

Bryan, How do you want to handle the request from the state about the grant. I can help or contact them if you want. Let me know

Thanks Bill
