Subject: Westward Ho!

Greetings, all! I wanted to formally let you know, in case you'd heard it through the grapevine, that I have accepted a Deputy Forest Supervisor position on the Boise National Forest in Idaho.

I want to share with you how much I have enjoyed working with you and your staff during my tenure here – we've done some great landscape level work as well as some very drilled down site specific work. And while I am thrilled to have this opportunity in Idaho, I feel like we just hit the tip of the iceberg with all the opportunities to work together now and into the future here in the southern hills.

I realize this list is not all inclusive and that I've missed some folks, so feel free to share this note with others as you see fit. My apologies for leaving them off!

The Forest will be bringing in an acting ranger while they work on filling the position permanently. If there is something you'd like me to pass along to the acting ranger, let me know and I will make note of it for him/her.

My last day in the Custer downtown office will be April 1st. If I do not see you before then, I wish you well. If in your travels, you make it to the Boise area, please do stop in! The Forest Supervisor's Office is adjacent to the National Interagency Fire Center. I'll miss working with you!

Sherri Schwenke
