**Subject:** LSMSGCV: You just sent an email to lacroixb@weston1.k12.wy.us - please reply

Did you send an email to: [lacroixb@weston1.k12.wy.us](mailto:lacroixb@weston1.k12.wy.us) from: [blambert@westongov.com](mailto:blambert@westongov.com)?

If yes, it got caught as unsolicited email by our spam blocker. You can release the mail from spam quarantine by simply replying to this message. At the same time the spam blocker will recognize you as a trusted sender (from this email address) and automatically add you to my Allow list for this and any future communication.

Many illegal spammers forge email addresses to try to get past spam blocking software. These spammers send hundreds of millions of spam messages a day, clogging email servers and wasting people's time. We regret that these spammers have forced us to send this message to you.
