Cheryl,

Got it thanks. Do you want me to reply to all emails, so that you know I got them? Or you could sent a "read receipt" request also. You can delete my Hotmail account from your email and start using the westongov email please.

Hope everything else is going as smoothly as possible for you. If you still need some help trying to get your head around the mess the last clerk left you feel free to get someone in there to show you the ropes. It might be better than trial by fire if you know what I mean.

Anyways have a great weekend and I will see you Tuesday.

Tony

Commissioners,

Today the Senate is taking up HB65, the bill that allows counties the option of joining the state health care pool. There is an army of private insurance lobbyists in the lobby working against the bill right now. Please take 1 minute to send an email to your Senator in support of the bill, and attach the 1-pager I've attached.

The message is simple: Please support HB65, which gives us the option to join the state health insurance pool for our hard-working employees. The bill is an important tool for counties to help control costs - something the legislature always wants us to do. We don't know what is going to happen with health care costs, and this bill gives us another tool. Please support HB65.

Pete
