Resolution for Dust Control Mitigation Grant Request

WHEREAS, the Weston County Commissioners recognize that several county gravel roads create air quality concerns because of their dusty conditions, and

WHEREAS, the roads are located in high traffic industrial or high traffic residential areas, and

WHEREAS, the Weston County Commissioners desire to reduce the dust problem, and

WHEREAS, the application of a dust-suppressant product appears to be a feasible solution for controlling the problem.

NOW, THEREFORE, THE WESTON COUNTY COMMISSIONERS voted at the November 2, 2006, meeting to submit an application for the WYDOT funding for a Congestion Mitigation/Air Quality grant to address the dust problems on several designated county roads.

DATED this 2<sup>nd</sup> day of November.

WESTON COUNTY COMMISSIONERS

Ted J. Ertman  
Chairman

Attest: Paulette Thompson  
Weston County Clerk
