

89-5

RESOLUTION

WHEREAS, a vistor's center and rest stop is appropriate to welcome travelers to the State of Wyoming; and

WHEREAS, constructing a vistors center and rest stop at the junction of U.S. Highways 16 and 85 in Weston County would welcome travelers entering the state from both the north and the east; and

WHEREAS, the vistor's center could accommodate a display to promote the activities and programs of the Wyoming Travel Commission, Recreation Commission, Game and Fish Commission and the Economic Development and Stabilization Board as well as local recreation and travel-related activities; and

WHEREAS, the construction of a vistor center and rest stop would significantly benefit local economic development and serve as an incentive for further development of the county's tourism and recreation.

NOW THEREFORE, BE IT RESOLVED BY THE WESTON COUNTY BOARD OF COMMISSIONERS that they support the development and construction of a vistor's center and rest stop by the Wyoming Highway Commission at the junction of U.S. Highways 16 and 85 in Weston County.
