COUNTY OF WESTON

1 West Main
Newcastle, Wyoming 82701

89-10

WHEREAS the Weston County Commissioners believe that the method of collection and distribution of Predatory Animal Control Tax by the County Assessors is the most efficient method of collection of the tax and is already in place, and

WHEREAS a change in methods of collection and distribution would create additional administrative and collection costs and would create another government bureaucracy, and

WHEREAS changing the method of collection to the local brand inspectors and distribution by the state livestock board would create more expenses for the producer.

NOW, THEREFORE, be it resolved that we, the Weston County Commissioners, go on record as opposing the removal of the collection of the Predatory Animal Control Tax from the office of the County Assessors.

DATED this 6th day of September, 1989.

Respectfully submitted,

WESTON COUNTY COMMISSIONERS
