

**RESOLUTION NO. 2023-14**  
**A RESOLUTION APPROVING THE CONSOLIDATION OF THE WESTON COUNTY**  
**SOLID WASTE DISTRICT AND THE CENTRAL WESTON COUNTY SOLID WASTE**  
**DISTRICT**

The Central Weston County Solid Waste District (CWCSWD) and the Weston County Solid Waste District (WCSWD) serve communities adjacent to each other within Weston County, Wyoming.

CWCSWD and WCSWD both provide services to their representative geographic areas that fall within the services provided by solid waste disposal districts as contemplated under W.S. §18-11-101.

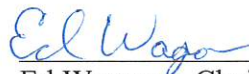

A consolidation between CWCSWD and WCSWD would result in more comprehensive solid waste disposal for property owners within both districts, increased efficiency, and decreased duplication of equipment without a tax increase.

On May 23, 2023, WCSWD directors voted to approve the consolidation of its district with the CWCSWD. On May 15, 2023, the CWCSWD directors voted to approve the consolidation of its district with WCSWD. These approvals were done pursuant to W.S. §18-11-106(a)(i)(B). The product of these approvals shall be a single new successor district known as the Weston County Solid Waste District. The consolidated district shall operate as a solid waste district under W.S. 18-11-101 et. seq. The consolidation shall be governed by W.S. 18-11-106(a)(i)(B).

Therefore, be it resolved that the Weston County Board of Commissioners approve the consolidation of the WCSWD and CWCSWD into a single new district in order to better serve residents and property owners of Weston County pursuant to W.S. §18-11-106(a)(i)(B).

**ADOPTED AND APPROVED** as of the 20 day of June, 2023.

Weston County, State of Wyoming

Ed Wagoner, Chairman  
Board of Weston County Commissioners

Attest:

  
Becky Hadlock, Weston County Clerk

Approved as to form:

Michael Stulken, Weston County Attorney
